### Town Report:

- I continue to work with the Pavilion committee as we explore options to build a structure for the town camp at the Blass Memorial Park. At this time the Highway Department is in the process of laying a new drainage pipe under the field.
- I continue to work on the intersection of County 7 and 82 along with Councilwoman Gold.
- I am working with our Town Attorney and Town Clerk to streamline the Town Board meetings. I ask that all departments, boards and committees send us written reports 10 days prior to the Town Board meeting each month. I also am asking that if a board or committee wishes to be placed on the agenda, that you reach out to the town clerk no later than ten days prior to the meeting.
