

Ancram Highway Dept Monthly Report

July Report

Diesel Fuel used: 363 gallons

Gasoline used: 441 gallons

*I will be filing the paperwork for CHIPS funding from the state soon for \$211,288.88 for work done on Crest Ln and Town/Maple in Ancramdale. We should receive reimbursement in mid September. That leaves us with about \$110,000 still to collect for projects still to complete.

* We received one bid from Montage Enterprises out of New Jersey to supply a Kutmore mower for \$35,519.80. I plan to rent a tractor mower for the month of August and hope to arrange for them to take our tractor to install the new mower when the rental is delivered.

*The employee who has injured his back and has been out since 4/18 and is having surgery 7/8.

Respectfully submitted
James Miller Highway Superintendent
