

Town Clerk and Tax Collector July Report

For the month of June I collected \$291.00 in fees.

I continue to work on my records management cleanout. To date I have shredded approximately 117 bags of outdated documents. These included this month an entire box of duplicate draft budgets, a box of tax bills dated 1980-1985, a box of misc. correspondence from the 1990's and early 2000's.
