

## **Town Clerk Report Feb 2025**

- For the month of February, I have collected \$236.00 to date. 6 dog licenses and 4 recycle tags.
- To date I have collected 78% of my tax roll.
- I have reached out to the Association of towns to inquire about bringing someone to the town to offer training for all of our boards. The training would be basic training in how to run a meeting, the functions of the different boards, public hearings, motions and resolutions. The AOT said that they could do this but it would have to be open to all towns in our region. I am going to continue to try and see if there is a cost involved and also reach out to surrounding towns to see if they would be interested. I will keep you all posted.
- I would like permission to attend my State Association training in Syracuse April 27-30<sup>th</sup>. Some classes that will be offered are open meetings law, public notices, FOIL, workplace violence prevention, electronic records, and payment fraud.
